

From Nakameguro Station exit to Yamate-dori Ave and turn right. Cross Komazawa-dori Ave, and after 200 meters, on the right, there is a small side road - one building has pink siding (its a dentist office). Turn right there, follow the side street and in a minute there is the bike garage (several shuttered doors on the left). It is about a 7 minute walk from Nakameguro Station.
